

Spring 2

Complete activities at home to support your learning in school and achieve Dojo points!

Home Reading

As often as possible but aiming for a minimum of 3x per week. (10 Dojos)

Curriculum Learning

Complete 1 activity from the curriculum home learning to earn 10 Dojos.

Whiterose Maths

Can you spend 10 minutes practising addition and subtraction **within 20** on this free app (Whiterose 1-Minute Maths).

Activity 1

In Geography, we are looking at weather and climate. Could you make a weather chart to assess the weather over a full week? You could record the weather and temperature if possible.

Activity 2

In Science, we are learning about seasons, trees and plants. Could you identify some trees or plants in your garden or local area? You could draw a picture of some and label them with their key features.

Activity 3

In Art our focus is painting and drawing. With paint, could you paint a picture of something you love using our primary colours?
If you'd prefer to draw, could you draw a character from your favourite book using thick and thin lines or using different drawing materials!
